

Nikas Nikas loft studio

768 Harrison Street, San Francisco, CA 94107

My studio is located on Harrison between Third and Fourth Streets, in SoMa. Harrison is a one way street that goes southwest in the direction of Third towards Fourth. You can find driving directions from either Mapquest or GoogleMap; or you may want to print this page for your first visit.

Though there is some metered street parking available, you'll be better off using the parking garage just across the street from 768, on the left side of Harrison as you drive down.

Walking on Harrison, look for a glass door with my red **N|N** logo. The street-level entrance will be unlocked; but the studio door at the top of the stairwell will be locked. Its really quite easy! But if you get lost please call 415 637 3947.
